## NOTICE

Your choice of clothes you wear reveals your personality too. While there isn't a mandatory dress code at JDBI, students are to wear dignified and suitable clothing that is above all appropriate for the academic environment. This includes being comfortable and smart.

Recently, we've witnessed students arriving in incredibly casual dress, which is occasionally unacceptable. Even the footwear is casual, which is inappropriate for management students who are future managers.

As a result, we advise students to apply common sense, dress appropriately, and pick decent footwear. Henceforth, the following shall be forbidden on campus.

- Collarless t-shirts;
- Revealing dresses for women;
- Slippers or other casual footwear

I hope our pupils will realize the importance of this and comply.

Prof. Deepali Singhee  
Principal, J.D. Birla Institute
